CAREER OBJECTIVE

Java Full-stack Developer with experience in Core Java, MySQL, and Front-end technologies. Passionate about problem-solving, software development, and delivering scalable applications. Strong communication skills and ability to work in teams to build impactful solutions.

EDUCATION

Chadalawada Ramanamma Engineering College — Tirupati, India
Bachelor of Technology in Computer Science, CGPA: 7.6 — *Jan. 2021 – May 2024*

Sree Vidya Junior College — Proddatur, India
Intermediate - Mathematics, Physics, Chemistry, CGPA: 7.5 — *June 2018 – March 2020*

Bhasyam High School — Proddatur, India
Secondary School Certificate, CGPA: 9.3 — *June 2017 – March 2018*

PROJECTS

SimplyCart E-commerce Store (E-commerce Website)
– I developed an e-commerce website using HTML and CSS, featuring product listings for fashion and electronics. The design focuses on a clean, user-friendly interface with a well-organized layout. This project enhanced my front-end development skills and UI design understanding.
– **Technologies:** HTML, CSS.

WonderLand Travels app
– A web application to Experience the seven wonders of the world. Featuring user-friendly interfaces, registration and booking services, and comprehensive admin capabilities for user management and feedback.
– **Technologies:** HTML, CSS, JavaScript, JSP, JDBC, Servlets, and MySQL.

Aahar Food Delivery App
– Designed a full-stack food ordering system using Java, JSP, Servlets, and MySQL. Implemented user authentication, order tracking, and restaurant management.
– **Technologies:** HTML, CSS, JavaScript, Java, JSP, Servlets, and MySQL.

INTERNSHIPS

Salesforce developer — Salesforce
∗ Completed an 8-week Salesforce Developer virtual internship, gaining expertise in Apex programming, Flows, Process Builder, LWC, API integration, and security configuration.
∗ Gained hands-on experience with Visual Studio Code, Salesforce CLI, and debugging techniques, earning Apex Specialist and Process Automation Specialist Super Badges.
